2. Remove the retaining rings by turning them anti-clockwise;
3. Take out the old shaving heads and carefully insert replacements; check that the heads align exactly in the setting;
4. Replace the retaining rings and secure them by turning the lock clockwise;
5. When you close the shaving head properly, you will hear it click into place.

After replacing the shaving heads, you can reset the replacement reminder by pressing the on/off button for more than 7 seconds. Otherwise, the
