

PHILIPS

Air Purifier

Series 2000i

Reduces pollutants, allergens

Removes 99.97% 0.3µm particles

App connected

Up to 86 m²

AC2889/90

Say goodbye to indoor air pollution

Removes 99.97% of particles as small as 0.003 micr

Purifier Series 2000i automatically monitors and purifies the air - then gives real-time air quality feedback via the display and connected App. Also use the App for outdoor air quality and management advice. Ideal for living room.

Superior purification

- Reduces pollutants, allergens, harmful gases, odor
- Removes 99.97% of particles as small as 0.003 microns

Intelligent purification

- Automatically monitors, reacts & purifies the air
- Visualized air quality feedback
- 3 auto modes: Pollution, Allergen, and Bacteria & Virus
- Unique allergen mode

With Air Quality App

- Air quality management advice
- Track indoor and outdoor air quality
- Control purifier from anywhere

Highlights

Superior purification

With cutting edge sensing and purification technology, the Philips Air Purifier Series 2000i is proven to reduce pollutants, allergens, odors, harmful gases and even certain bacteria. The pre-filter and True HEPA filter remove particles. The Active Carbon filter reduces harmful gases and odors.

99.97% filtration

Designed with a multi-stage active filtration system, which removes 99.97% of particles as small as 0.003 microns.

AeraSense technology

AeraSense

Benchmarked against a professional-grade sensor, Philips AeraSense technology is highly effective in sensing even the slightest change in indoor air conditions. It continuously monitors the air and automatically adjusts the fan speed when it detects a change in particles.

Air quality visualized

In real-time, AeraSense shows you the PM 2.5 index via a numerical display and a color ring on the dashboard of the air purifier. The numerical display is an index of the indoor air quality. The color ring provides an additional visual cue, ranging from blue (good air quality) to red (bad air quality).

Remotely control purifier

Control your air purifier from anywhere with the connected app. Turn on the air purifier, change the fan speed or check your filter lifetime through the Air Matters app.

Track your air quality

Use the App to check your indoor and outdoor air quality. The Air Purifier constantly feeds indoor air quality data to the App, which is then combined with outdoor pollution and pollen data to give you a complete picture of your air quality.

Air quality management advice

Based on the indoor and outdoor air quality levels, the App will give you advice to help you with your air quality management.

3 auto modes

This product has 3 automatic purification settings: a basic Pollution mode, an extra-sensitive Allergen mode, and an extra-powerful Bacteria & Virus mode. You can choose your preferred mode to personalize and optimize your purification.

Unique allergen mode

The Allergen mode of the Philips Air Purifier Series 2000i is ideal for those with high sensitivity to allergens. At the heart of this mode is a unique, always-alert program that detects and reacts to potential allergen risk, and auto-powers the airflow to immediately reduce the allergen exposure.

Specifications

Performance

Room size: 86 m²

CADR: 333 m³/h

Recommended HEPA life time: 24 months

Recommended AC life time: 12 months

Sound Power: 32-64 dB(A)

Sound Pressure: 20.5-52 dB

Features

AeraSense technology

Air Quality feedback: Numerical

PM2.5 sensor

Modes: 3 auto modes

Fan speed: 5 settings

Healthy air lock & Alert

Timer: 12 hour(s)

Motor: DC

VitaShield

Design and finishing

Color(s): White

Color of control panel: Black

Control panel type: Touch

Material of main body: ABS

Material of deco ring: PMMA

Technical specifications

Voltage: 220-240 V

Frequency: 50/60 Hz

Cord length: 1.8 m

Power: 56 W

Weight and dimensions

Weight of product: 7.7 kg

Weight incl. packaging: 9.3 kg

Dimension of product (LxWxH):

359*240*558 mm

Dimension of packaging (LxWxH):

412*294*612 mm

Replacement

Particle filter: 883442230770

AC filter: 883442030770

Country of origin

Made in: China

Sustainability

Packaging: > 90% recycled materials

User manual: 100% recycled paper
