Highlights

5D Pivot & Flex Heads

Enjoy a clean shave that follows your face's contours with 5-directional pivot, flex and floating movements. The head reaches your face at the ideal angle and adjusts to the curves of your face and neck, creating smooth contact with your skin.

ComfortCut Blades

Get a clean shave that's comfortable on your skin. Rounded blade caps shield 27 self-sharpening blades to gently cut hair just above skin level and help the shaver glide smoothly over your skin.

Aquatec Wet or Dry

Get a convenient dry shave or a more comfortable wet shave with gel or foam, even in the shower.

One-touch open

Clean the shaver with ease. At the touch of a button, flip open the shaver head and rinse with water.

1-level battery indicator

Use the intuitive indicator to see when the shaver battery is low, empty or fully charged.

60 minutes of cordless shaving

Shave for up to 60 minutes after a 1-hour charge. The shaver only operates when not charging.

5-minute quick charge

In a hurry? Plug in your shaver for 5 minutes and get enough power for 1 full shave.

27 self-sharpening blades

Get a consistently clean shave every time with 27 self-sharpening precision-engineered blades.

Pop-up trimmer

Finish your look with the built-in trimmer. It's ideal for maintaining your mustache and trimming your sideburns.

Skin Protection System

Designed to prevent nicks and cuts for a clean and protective shave. The Skin Protection System glides smoothly across your skin with its rounded head profile, while keeping your skin protected.
