Highlights

Self-sharpening metal blades

Self-sharpening metal blades are incredibly long-lasting. Even after 5 years, they cut just like they did on day one.

Unique OneBlade technology

The Philips OneBlade has a revolutionary technology designed for facial styling and body grooming. It can trim, edge and shave – any length of hair. Its dual protection system – a glide coating combined with rounded tips – makes shaving easier and more comfortable. Its shaving technology features a fast-moving cutter (200 x per second) so it's efficient – even on longer hairs.

12 tools for face, hair and body

This all-in-one trimmer conveniently trims and styles your facial hair, clips your hair and grooms your body.

Nose and ear trimmer

Remove unwanted nose and ear hair, easily and comfortably.

6 impact-resistant combs

2 stubble combs (1, 2 mm), 1 adjustable (3–7 mm), 2 hair combs (9, 12 mm), 1 OneBlade body comb (3 mm)

Edge it up

Get the perfect lines in seconds with the dual-sided blade, enabling you to see every hair you're cutting.

Shave it off

The OneBlade doesn't shave as close as a traditional blade, ensuring your skin stays comfortable. Go against the grain and easily shave off any length of hair with this sensitive-skin hybrid styler.

Guard (Body)

Attach the skin guard for an extra layer of protection on sensitive areas.

Up to 120-minute run time

The high-performance Lithium-Ion battery delivers up to 120 minutes of run time per every 1-hour full charge. A 5-minute quick charge delivers one full trim.
