GCA1000/60

The easy way to keep your trainers clean Including three brushes for different material

The Philips Sneaker Cleaner is designed to make cleaning your trainers easy and effective. Select the right brush for your trainer, wet the brush with some water and soap, apply it to your trainers and they will look fresh in no time.

Effective cleaning

- The rotating brush cleans effectively

Easy cleaning

- Simple to use in three steps

Safe for your trainers

- Three brushes to clean different materials
- Sponge brush for delicate surfaces
- Soft brush for multipurpose use
- Hard brush for tough surfaces

Take it on the go

- Clean trainers wherever you go
- Including 4 x AA batteries

Highlights

Effective cleaning

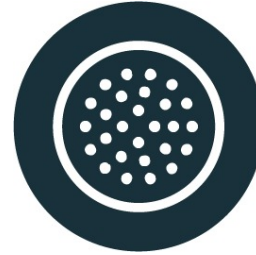

With up to 500 rotations per minute, the Philips Sneaker Cleaner delivers an effective clean.

Take it with you

You can take the battery powered Sneaker Cleaner with you on the go, so you can enjoy clean trainers no matter where you are.

Hard brush

The hard brush is great to use for tough materials like textured rubber or the rubber sole of your trainer.

Simple to use

Simply wet the brush with water and soap, switch on the Philips Sneaker Cleaner and wipe the trainer with a clean towel when done.

Sponge brush

The sponge brush is ideal for use on delicate materials like PVC, leather, suede and smooth rubber.

Battery powered

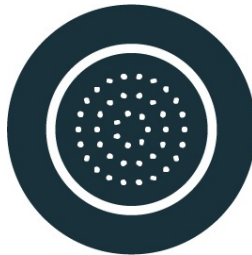

The Philips Sneaker Cleaner comes with 4 x AA batteries included so you can start cleaning your trainers right away.

Three brush heads

Select the sponge, soft or hard brush to safely clean the material that your trainer is made of.

Soft brush

The soft brush is designed to use on multiple surfaces and ideal for mesh and canvas.
