- Auto shut-off after 30 min. for energy-saving and safety reasons
- Dishwasher proof parts for easy cleaning

PHILIPS

Coffee maker
With glass jug Black and metal

HD7462/20

Highlights

Automatic shut-off (30 min)

Auto-off

30 minutes after brewing your coffee, the coffee maker switches off automatically to save energy and for safety. This is in accordance with EU regulations, which apply to all coffee makers in the EU. If you want your coffee to stay hot longer, Philips offers coffee makers with a thermal jug.

Drip-stop

The drip stop allows you to pour a cup of coffee before the full brewing cycle is finished.

LED power switch

The red light on the switch button illuminates when the coffee maker is switched on.

Aroma twister

This smart nozzle inside the jug circulates the inflowing coffee evenly through the jug for an optimal and consistent aroma, from the first to the last cup.

1.2-litre capacity

This coffee maker can brew 10 (large)/15 (small) cups of coffee. Maximum 1.2 litres but

with a compact design that takes up little space in your kitchen.

Dishwasher-safe parts

The jug and filter holder can be easily cleaned in the dishwasher.

Smart water level indication

Fill the water tank easily and precisely with the water level indication.
