- Pilot light

**PHILIPS**

## Highlights

### Stainless steel design

Durable full-metal design in food-grade brushed stainless steel for long, reliable use.

### Flat heating element for fast boiling

A concealed stainless steel heating element ensures fast boiling and easy cleaning.

### Multi safety system against boil-dry

Multi safety system against boil-dry, with auto switch off when the water is ready

### Pilot light

Elegant indicator light incorporated in the power switch illuminates when the kettle is turned on.

### Water level indicator

The water level is easy to read with an indicator located underneath the handle.

### Spring lid with large opening\*

A push-button lid opens smoothly at the touch of a button, avoiding steam contact. The large opening simplifies cleaning.

### Easy refilling

The kettle can be filled through the spout or by opening the spring lid.

### Cordless + 360° pirouette base

The cordless kettle sits on a 360° pirouette base for easy lifting and replacing.

### Hidden cord winder

The cord can be wrapped underneath the base, so it's the right length for any kitchen and easily stored away.
