

# KitchenAid Burr Grinder 5KCG8433

- **New KitchenAid burr grinder with 70 grind settings: from coarse for French Press, to fine for espresso**  
Delivers consistent grind  
For a wide variety of grind sizes
- **Automatic smart dosing technology adjusts the grind time automatically regardless of grind size or brew method**  
To deliver the proper volume and consistency for the desired brew method  
To easily select the cups or shots desired, for perfect dosing
- **Built-in adjustable portafilter holder**  
To grind directly into 54 mm or 58 mm portafilters, perfect for espresso making

- **Micro-time adjuster**  
Adjusts and fine-tunes the grind time in 0.2-second increments for the ultimate flavour customization
- **Commercial-grade, stainless steel conical burrs**  
Provide superior grinding precision, producing uniformly-sized grounds for optimal flavour extraction
- **Anti-static technology**  
Helps reduce static charge for a clean coffee grinding experience, and ensures less mess\*
- **Removable, UV-resistant, 340g coffee bean top hopper**  
Allows to save and transfer unused beans back into an airtight container  
To easily switch beans between brews  
Helps keep beans fresher
- **Spring-loaded base enables UV-resistant bottom hopper to fit snugly up against the grinder**  
For a neat and fully contained grinding experience  
Helps keep grounds fresher
- **Designed to pair perfectly with the KitchenAid espresso machine\*\***  
Delivers the perfect grind for the best espresso results

## STANDARD ACCESSORIES

### Commercial-grade, stainless steel conical burrs

The burr grinder is equipped with a lower burr and an adjustable upper burr. Making adjustments to this upper burr expands the grind size range, allowing to customise even further.

### Top hopper and top hopper lid

UV-resistant to help keep beans fresher.  
Not dishwasher-safe.

### Portafilter holder and grounds catcher tray

Remove the grounds catcher tray to access the portafilter locked in its storage location. For grinding into a portafilter, the portafilter holder should be inserted in the top or middle guidelines of this holder.

### Bottom hopper and bottom hopper lid, and with rubber stop

Spring-loaded base enables bottom hopper to fit snugly up against the grinder.  
UV-resistant to help keep grounds fresher.  
Not dishwasher-safe.

### Easy reference brew method icons.

**Grind size knob and indicator – dose selection knob and indicator – time adjustment knob and grind time indicator – start/stop button – program button**

70 unique grind size settings: suitable for a range of brewing methods, from the finest setting for espresso to the coarsest setting for French press. By adjusting the dose selection knob, you can choose from 1 to 2 shots of espresso or 1 to 12 cups of coffee.

\*Not available in B-plug.
