

LEDspot Low Voltage MR16 – Dimmable

Philips 12V MASTER LED Dimmable MR16 is the latest in Philips' series of low voltage (12VAC) Halogen spot replacements. Not only does it employ Philips patented solution offering compatibility with a variety of standard 12V Halogen electronic transformers and wall dimmers, it also delivers good beam intensity. The Philips MASTER LED 7W 12V Dimmable MR16 fits into most halogen lamp fittings.

Product ID	Overall Length C max.	Diameter D max.
12V MASTER LED Dimmable MR16	54.5	50.5

Dimensions in mm

LEDSPOT LOW VOLTAGE MR16 – DIMMABLE*

Product Type	Voltage (V)	Power Watts (W)	Base	Power Factor	Lumen 90D cone (lm)	Total Lumen (lm)	Beam Angle	CCT (K)	Intensity (Cd)	Lifetime (Hrs)	CRI	Dimmable
