PHILIPS

Body groomer
Unique Skin Protector 3mm trimming comb, 100% waterproof, AA battery power

BG1024/16

Highlights

Unique Skin Protector

The unique skin protector guards even your most sensitive body areas, allowing you to comfortably trim hair as close as 0.5mm without directly exposing your skin to blades.

100% waterproof

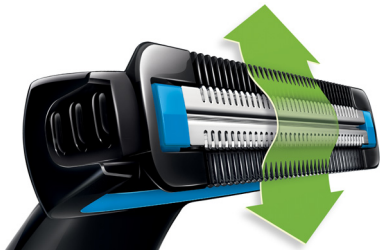

The Philips Bodygroomer is 100% waterproof, so you can simply rinse it clean under water when you're done. It also comes with a non-slip grip, so you can easily use it under the shower.

Shower cord

Use the shower cord to hang your Philips Bodygroomer where it's most convenient for you. Easily accessible and always ready to go, whatever the occasion.

Bi-directional trimmer

Uniquely designed to trim hair both backwards and forwards, this trimmer makes it possible to catch and cut hairs even when they grow in different directions.

AA battery power

Cordless use thanks to AA battery power - the Philips Bodygroomer is ready to use whenever, wherever. For optimal performance with up to two months use, use high quality Philips Alkaline AA batteries. Battery performance and run-time may differ depending on hair type and frequency of use.

Long-lasting sharpness

The blades are designed to last, time after time and don't need replacement on a regular basis.

Trimming comb

For a longer look, click-on the 3mm comb, especially developed for trimming body hair.

Built to last

All of our grooming products are built to last. They come with a 2-year worldwide guarantee and the Bodygroomer series 1000 is no exception!
